Hey Dastan, can you please help me with my Amazon Store? Today I attempted to add products to my store but I did something wrong & deleted the listings. It is messed up. I tried to relist the products but now I have Error messages regarding the ASIN & I am not sure what to do. I have a deadline to meet with these products being listed correctly with their variations. Could you please assist me? 🙏

Hallo Dastan,

ich habe nun wiederholt den Fehler 8541 bei der Erstellung meines Listings. Ich dachte, dass es an der EAN liegt und habe mir eine neue EAN Nummer gekauft und das gesamte Listing neu angelegt. Nun kommt aber auch wieder mit der neuen EAN Nummer der Error 8541 --> siehe Screenshot. Das Produkt ist neu und ich versuche es zum ersten Mal online zu schalten. Kannst du mir hierbei bitte helfen?

Danke und viele Grüße,
Claudia

Hi Dastan,,

I have 48 simple products on Amazon FBA, but I'm facing a few issues:

1. The descriptions are not showing.
2. The country of origin is incorrect (locked).
3. Some categories are wrong.

I would like to know if it's possible to export the products, make the updates, and then upload them again. If you have any other solutions, please let me know.

Thank you!
Matt

Hi, I am trying to change my product title & other listing information on Amazon. It launched 3 months ago. However, Amazon support indicates data has been locked on their backend and I need to delete listing and relist in order to make the changes.

We want to make sure we do this correctly and do not accidentally make things worse. Is this something you can help us with?
